ART WORLD CRYSTAL – AUFBLICK

Crystals against the sky

SUMMARY

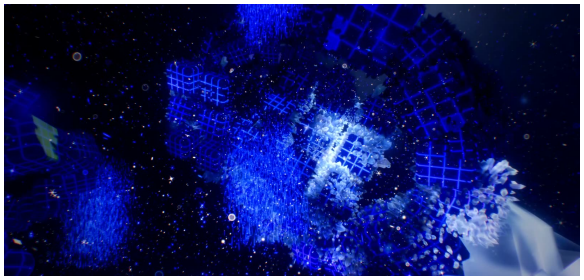

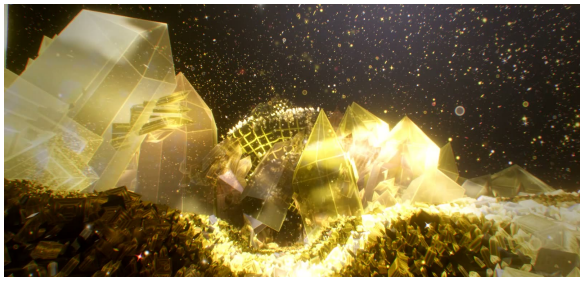

The view goes upwards: crystal towers and overgrown sculptures rise into a dark sky, backlight breaks through glass, sparks drift in the air.

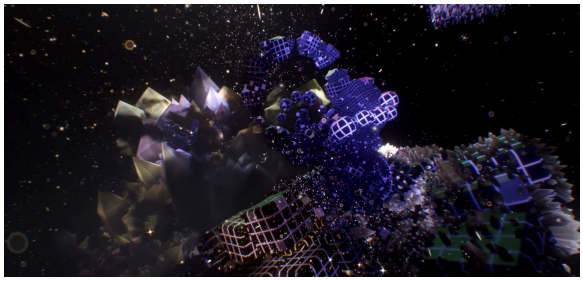

BACKGROUND

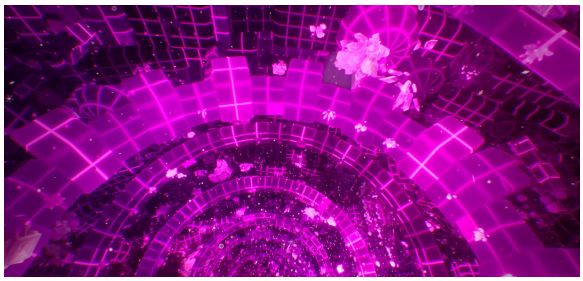

This work belongs to the Art World Crystal series: Art World, crystallised – an endless flight through a world of crystal, glass and light, without plants, with overgrown sculptures of the Sculpt series in its midst. The series is described under “Art World Crystal – Kristallwald”, its first work.
